I grew up playing as an extremely creative and technical attacking midfielder or winger. In 2015, with a host of attacking players on the team, I was asked to move to center back. I've excelled. I am that versatile, athletic and good on the ball. I'm looking for an opportunity to play in college and grow on and off the field. At a young age, I was trained by the KC Legends where I honed my individual attacking skills with intense 1v1 and 2v2 training. I moved to Sporting KC as a 12 year old where I began to learn how to: play fast when needed, perfect my first touch, while maintaining the footwork that makes me a creative and brave player.
